BENEFITS

Equalizer Two-Track Variable Interlock Storm Windows are energy efficient, maintenance free, durable, self-storing, and easy to clean. Equalizer Storm Windows provide excellent protection and insulating value.

Custom made to fit your window's opening size measurements.

Heavy .050-gauge aluminum construction is finished with a tough polyester coating that is durable and easy to clean.

Removable window and screen inserts for easy cleaning from inside your home.

Exclusive Variable Interlock provides added protection from the elements and extra structural strength.

Die-cast zinc slide bolts and corners firmly hold sash at different positions. Zinc slide bolts eliminate the problems associated with less durable plastic parts.

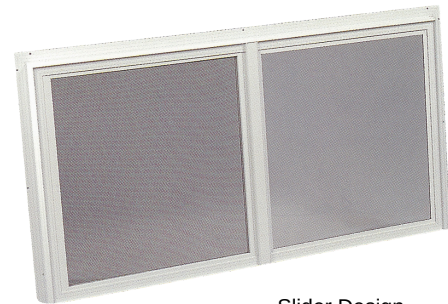

Stabilizer Bar (other side) adds rigidity and strength to window unit.

Heavy duty wool pile weatherstrip minimizes air infiltration (not visible).

Deluxe high visibility black fiberglass screen.

Built-in sill drain system diverts moisture away from window.

Matching screws are provided with the pre-assembled window for easy installation.

LIMITED WARRANTY

Each Equalizer storm window carries a lifetime limited warranty against defects in materials and workmanship. The manufacturer will furnish replacements for component parts that prove to be defective, shipped freight prepaid or, at its option, refund the purchase price of such parts in lieu of furnishing a replacement. No labor or installation included. This warranty extends to the original purchaser only. The polyester melamine finish is warranted for five years against excessive fading and adhesion defects.

This warranty does not apply to:

- Component parts which have been damaged by accident or improper use.
- Component parts that have been subjected to negligent operation.
- Damage to any components, including screen or glass, caused by excessive wind.
- Damage to any component part as a result of exposure to corrosive fumes, condensation, salt corrosion, or fire.
- Damage as a result of improper installation.
- Service under the warranty is available by advising your authorized Equalizer dealer, as soon as practical after discovery of defect. proof of purchase must accompany any warranty claim.

Caution: Screens are intended to provide insect protection only and will not support the weight of a child.
